

Have you ever thought that your firewall and network protection can become useless if your employees make the wrong “click”?

Take the chance to get an overview of the last cyber threats!!

Share experiences in cyber field with peers to increase your awareness.

And last but not least, do you have a clear assessment of the cyber risk your company is facing?

A webinar will be held on **December 16th, 2020** from **10 to 12 am**, to share ideas about the sectorial challenges. **Join us!!**

Registration: cyrano@bologna-airport.it

Our speakers will be:

- **Flavio Marangi**, Italian NIS Authority
- **Gabriele Faggioli**, Clusit Chairman & Cyber Security Observatory & Data Protection of Politecnico di Milano – Adjunct Professor MIP - Politecnico di Milano
- **Eric Vautier**, Groupe ADP CISO & Chairman of ACI Cybersecurity Task Force
- **Luigi Ricchi**, Information Security Manager of Bologna Airport
- **Fabio Martinelli**, Cybersecurity Observatory and Italian Research Council.

The event is part of the activities of the Cyrano project, funded under CEF-Connecting Europe Facility.
